Minutes from the June 2015 Planning Commission (PC) meeting were approved with one minor correction, **motion by Curt, 2nd by Wayne, motion carried.**

Visitors to address the Planning Commission:

Joe Smith, 1411 County Road 6 La Crescent MN

Joe Smith expressed concern with water runoff onto his property from a project that Tom Ready is completing on his property that is adjacent to his property. He had a video of water running around the large stones that were put in the ravine between their properties to slow down the runoff water during heavy rain fall.

ZA updated PC regarding the public meeting that will be held next Monday in conjunction with the regular Board of Supervisors meeting to consider updating our floodplain ordinance so that we are consistent with the FEDERAL EMERGENCY MANAGEMENT AGENCY. This is one of the steps necessary to allow our township to do the floodplain inspections necessary for people applying for floodplain insurance.

Motion to adjourn by Wayne, 2nd by Curt at 8:06 PM
Respectfully submitted

Larry Hafner
Zoning Administrator
