Zoning Administrator provided FYI information regarding a Board of Adjustment request granted for Skip and Trisha Wieser for a variance to build an addition to their house closer to a county road right away than allowed by Township Ordinance and closer to the property line than allowed by Township Ordinance on their property that is located on 1985 County HWY 6, La Crescent, MN 55947

The working public meeting scheduled to review and accept or modify differences between County and Township ordinances. Because of last minute changes in equipment availability the meeting was delayed and eventually adjourned without progress on the zoning document.

In response to queries from visitors questioning why we were publishing a public meeting that was being held just to go over and resolve differences between County and Township ordinances. They were informed that since the Supervisors would eventually accept or reject the final ordinance that they needed to be involved in the process of updating the ordinance and that they cannot meet as a group without holding and publishing the public meeting

No other business

Motion to adjourn by Jason, 2nd by Curt at 7:30 PM

Respectfully submitted

Larry Hafner
