Visitors/speaker to address the Planning Commission:

Two visitors failed to sign-in as requested

ZA reported that we now have a current zoning map that will be available through our Township internet site and each of the committee members will have a copy. ZA currently does not have access to the zoning changes made as the city has annexed property from the Township but would like to have that information to be able to verify that all of the changes have been accurately recorded or possibly someone with access to that information could verify that the information has been accurately recorded.

ZA needs access to the documentation for the Zenke subdivision because MNDOT is considering making some changes to the road along that subdivision, possibly considering installing some turn lanes along that area.

Chairman Oliver distributed, for possible consideration, a policy for how to run meetings. Members are asked to review for comment at a future meeting.

Motion to adjourn by Curt, 2nd by Jason at 7:12 PM  
Respectfully submitted

Larry Hafner  
Zoning Administrator  
La Crescent Township
