Tony Tomashek and Andrew Peters, employees of Mathy construction, with the understanding that La Crescent Township will at some point adopt the Ordinance changes recently adopted by Houston County, presented their view in a "SUMMARY OF ADOPTED CHANGES TO SECTION 26 MINERAL EXTRACTION, HOUSTON COUNTY ORDINANCE." The PC thanked them for the work they put into creating the document and agreed that they would take it into consideration when reviewing the County Ordinance for updating our Township Ordinance.

Bob provided an update on the progress for extending the road through the end of Horse Thief Ridge connecting to the City subdivision beyond Horse Thief Ridge. Apparently the engineering for the road has been completed but a dollar value or who will pay for what has not been established at this point.

Bob provided an update on the replacement of the guard rail along the road going up to Crescent hills. They are still getting estimates and negotiating with the city to pay the guard rail replacement for the portion of the road that has city property on both sides of the road. The current guard rail is apparently way past its usable life.

Motion to adjourn by Bob, 2nd by Jim at 7:41 PM

Respectfully submitted
